1. Learning & Development

Online corporate learning platform

PROBLEM

Offline corporate training is inefficient in term of **time** and **cost**.

Specially for large companies.
Speed of learning becoming a must.

Using scattered platform (email, WhatsApp, etc.) to inform and teach people **lacks of accuracy and feedback**.

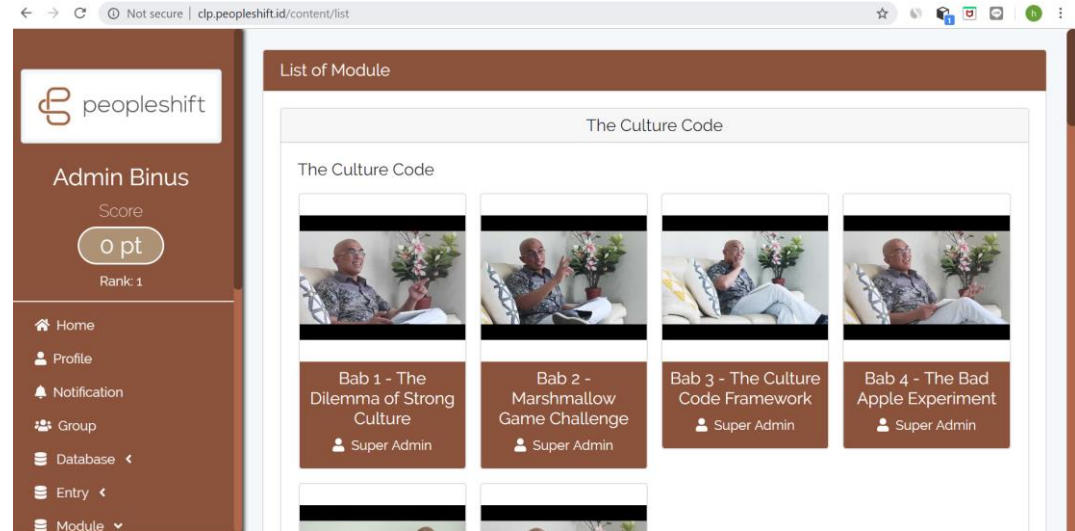

1. Learning & Development

Online corporate learning platform

#1 Solution:

Peopleshift online corporate learning platform enables companies to spread messages across department and branch using cloud web apps.

- Online learning material (ppt/ video/ article) on the platform
- Feedback and discussion
- Post-test to specific group

- Post-test to specific group

The screenshot displays the Peopleshift web application interface. On the left is a dark brown sidebar with the Peopleshift logo and user information for 'Admin Binus' (Score: 0 pt, Rank: 1). Below this is a navigation menu with options: Home, Profile, Notification, Group, Database, Entry, and Module. The main content area has a light blue header with the text 'List of Module'. Below this is a table with three columns: Title, Description, and Action. The table lists five modules, each with a 'Select Group' dropdown and an 'Assign' button. Below the table is a section titled 'Group Assignments' with a partially visible 'Records Training' table.

Title	Description	Action
The Culture Code	The Culture Code	Select Group Assign
Good to Great	Good to Great	Select Group Assign
Understanding Millennials	Understanding Millennials	Select Group Assign
Founder's Mentality	Founder's Mentality	Select Group Assign
Freshman Partner Leader Camp	Materi in-class training freshman partner leader camp	Select Group Assign

#1 Solution:

Peopleshift online corporate learning platform enables companies to spread messages across department and branch using cloud web apps.

- Online learning material (ppt/ video/ article) on the platform
- Feedback and discussion
- Post-test to specific group

The screenshot displays the 'Create Assignment' page for a multiple-choice question on the Peopleshift platform. The browser address bar shows the URL 'clp.peopleshift.id/assignments/create/multiplechoice'. The interface features a dark brown sidebar on the left with navigation options: 'Create Page', 'Assign', 'Assignments' (expanded), 'Assigned Assignments', 'My Assignments', 'Shared Assignments', 'Submission List', 'Create Assignment' (expanded), 'Uploader', 'Multiple Choice' (selected), 'Message', 'Create', 'Sent', and 'Received'. The main content area has a light blue header with '10000 characters left'. The question form includes a 'Question' field with the placeholder 'Type your question', an 'Options' section with a 'Type option' field and a '+ Add Option' button, and an 'Answer' field with a dropdown arrow. At the bottom, there are two buttons: '+ Add Question' and '+ Create'.

Center

2. Onboarding Tools

Issues: Turnover is expensive. It's estimated that **replacing an entry-level employee is up to 50% of their salary**. That percentage only increases as you move up within the company

Great onboarding can reduce time to productivity, make a positive financial impact more quickly, and increase employee drive

new employees who go through a structured onboarding program are 58% more likely to stay with the organization after three years.

Onboarding Goal

Quickly up to full productivity

2. Onboarding Tools

Solution:

- Division/ user grouping
- Assigning specific onboarding material to specific group (SOP, Corporate culture, Corporate strategies)
- Give assignment/ post test and evaluate
